replacement of the arm at the T.i.P. fell to the
of the armorers.
Their duty can be detailed as follows. joining
a. continuous inspection of the fleet, together
with the senior leader
b. repair of injured arms
c. the "shooting in" and repair of arm
at the shooting.
d. bodyguard duties.
The armorers of the T.i.P. were enlisted men.
They received their armorer training at the armorer
courses at the seats of the Bodyguard districts. On
the other hand they had to be skilled locksmiths.
Automobile drivers: the drivers who belonged to the
personnel of the T.i.P. received their chauffeur
training either in civilian or military driving schools.
The chauffeur's duty was the driving, maintenance and
repair of the vehicle-park of the unit. The vehicles had
to be in working order all the time. The drivers were
not put on bodyguarding duty only exceptionally so.

Felcer (health officer)

The health work at the T.i.P was done by
the felcer, an enlisted soldier. His duty was
a. to supply the unit with bandages, first-
aid kits and diverse medicines.
b. he took a sample of the food at each
c. he kept in touch with the ~~Soviet~~ medical
Soviet physician at the seat of the T.i.P. (within
the socialized med. system.)
